

EXCELLENCE IN POLYMER COMPOUNDING

ABOUT US

ABOUT US

Himalay Polymers is a prominent player in the plastic industry with a specific focus on polymer applications. The company is recognized for its expertise in supplying and developing a wide range of plastic and engineering plastic materials for Major Automotive and Non Automotive Components.

VISION

To be the industry's leading and most preferred supplier of innovative plastics and compounding solutions.

MISSION

To achieve excellence in customer satisfaction by delivering innovative, high-quality, and cost-effective Raw Materials.

INFRASTRUCTURE

Location:

Talwade, Pune, Maharashtra, India

Facilities:

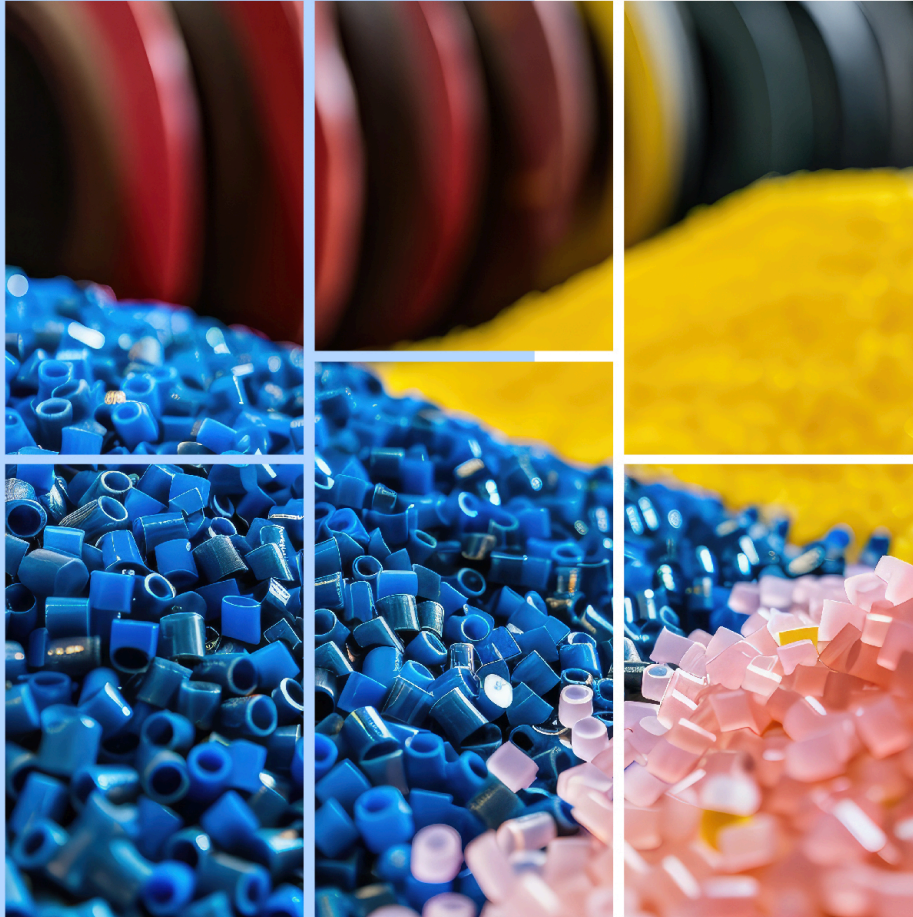

Twin Screw Extruder

High-Speed Mixer

Vertical Mixer

Grinders

Injection Moulding Machines

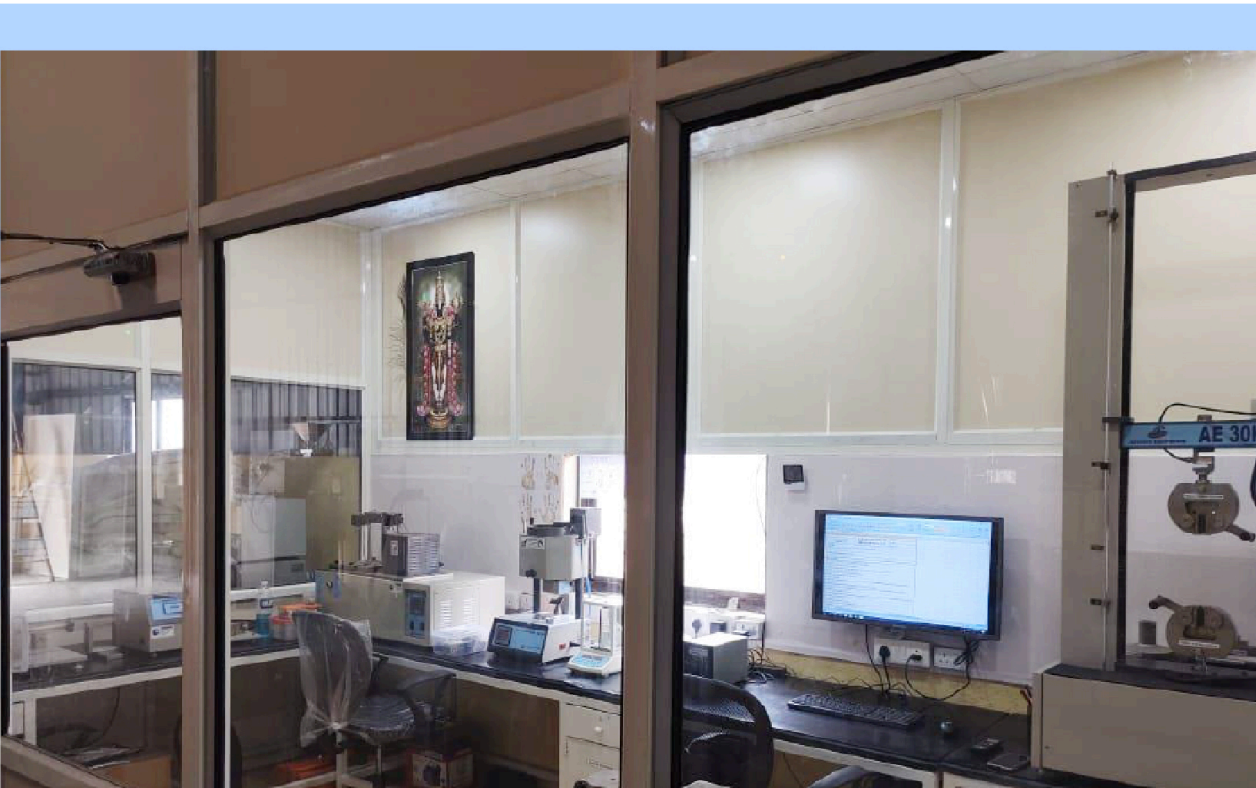

CORE COMPETENCIES

PRODUCT RANGE

- **Polypropylene (PP) Homo Polymer:**
Injection Moulding, Film Raffia, and Extrusion
- **Polypropylene Co-Polymers (PPCP):**
Injection Moulding and Extrusion
- **Engineering Plastics:**
ABS, SAN, Nylon, PMMA, POM, PS, PCPBT, PET
- **PP Random Co-Polymers:**
Injection and Blow Moulding
- **Low-Density Polyethylene (LD):**
Injection Moulding, Film, and Extrusion Coating
- **Linear Low-Density Polyethylene (LLD):**
Injection Moulding, Film, Drip, and Roto Moulding
High-Density Polyethylene (HDPE) & High Molecular

LAB SET - UP

- IATF Certified
- IZOD / CHARPY IMPACT
- NOTCH CUTTER
- VSP (Viacat Softening Point)
- HDT (Heat Deflection Temperature)
- MFI-MELT FLOW INDEX TESTER
- DENSITY TESTER
- MOISTURE TESTER
- SPECTRO PHOTO METER
- UNIVERSAL TESTING MACHINE
- MUFFALE FURANCE
- HARDNESS TESTER

KEY APPLICATIONS

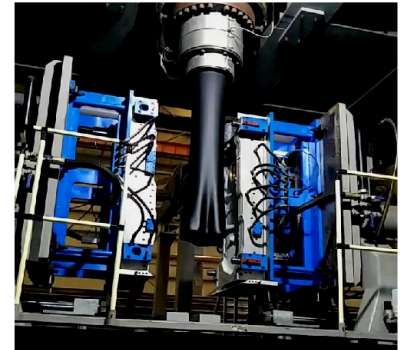

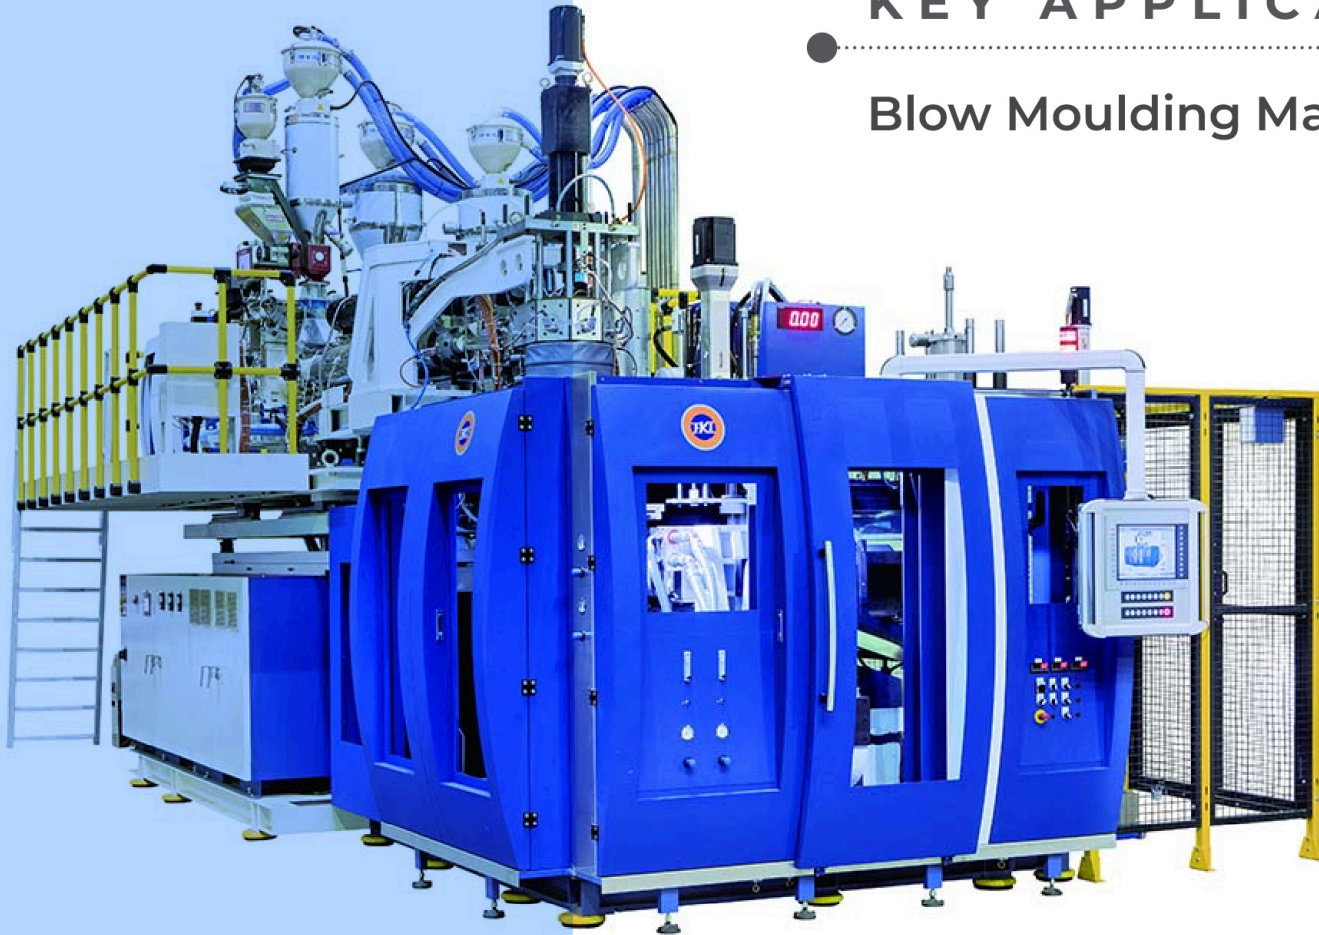

Injection Moulding Machines

KEY APPLICATIONS

Blow Moulding Machines

KEY APPLICATIONS

Roto Moulding
Machines

KEY PRODUCT & INDUSTRY PRESENCES

AUTOMOTIVE COMPONENTS:

- Dashboard • Front Panels • Protection Guide • Driver Cabin Panels
- Air Filter Assembly • Front Shield And Mudguards, three wheelers • Engine shields
- Bottle Holders • Flange assembly • Flywheel cover • Radiator Fan & Shroud
- Seat Base • Bumper Fascia • Radiator Grill • Door Trim • Head Lamp Housing
- Battery Casing & Lid • Steering Wheel Parts

INDUSTRY PRESENCE:

Sectors Served: Automotive, Consumer Products, White Goods, Utility Products, Toys

CLIENTS:

TIER ONE Automotive Industries and Key Partners Beyond Automotive, demonstrating our ability to provide tailored, high-quality plastic and engineering solutions across various sectors.

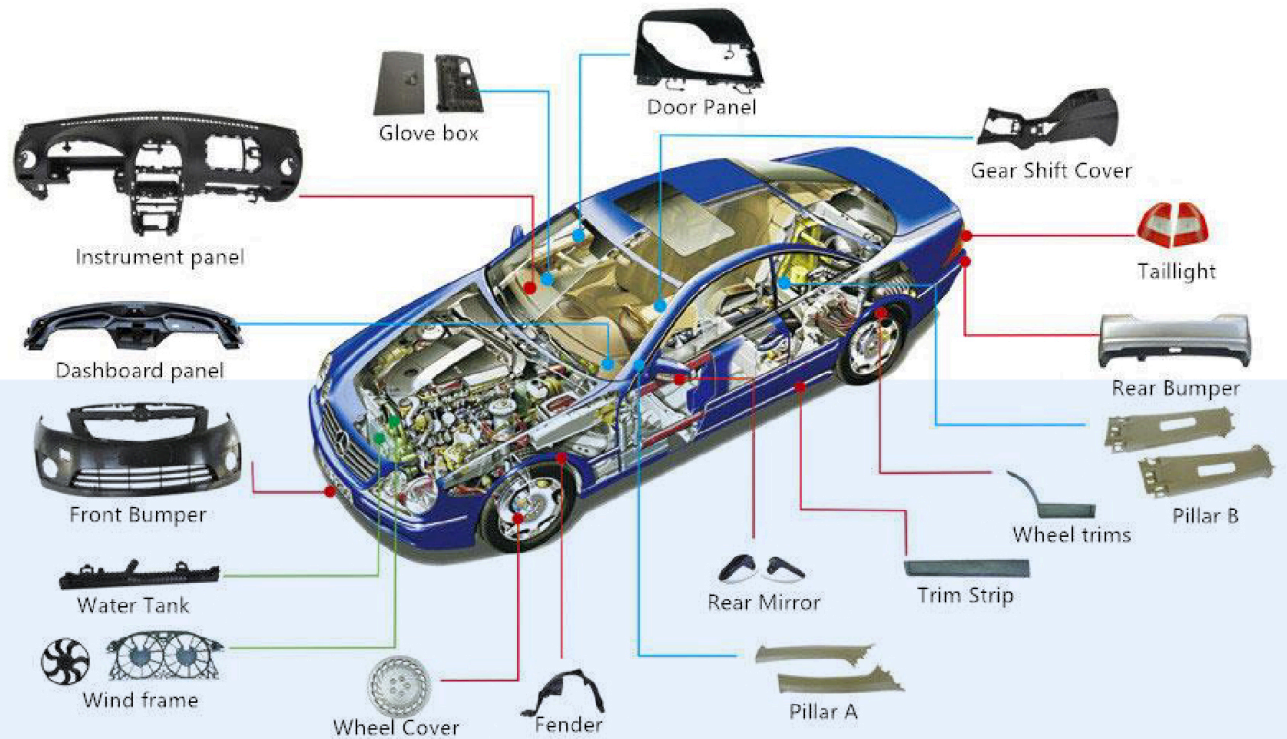

AUTOMOTIVE INDUSTRY-2 WHEELER APPLICATIONS

- Tank Cover
- Tail Fairing
- Rear Hugger
- Down Side Panels
- Upper Side Fairing
- Front Fender
- Side Panels
- Swing ram Cover
- Front Fairing
- Dash Panel
- Side Mirrors
- Side Panels
- Instrument Cluster

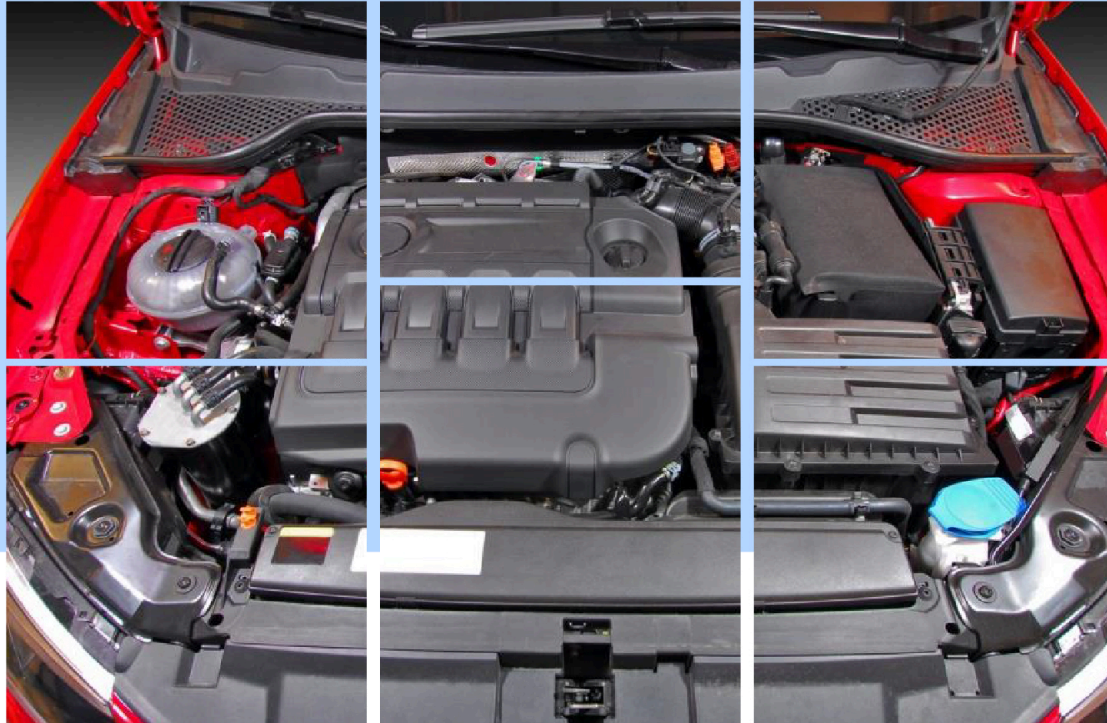

AUTOMOTIVE INDUSTRY-4 WHEELERS APPLICATIONS

- Glove Box
- Instrument Panel
- Dashboard Panel
- Front Bumper
- Water Tank
- Window Frame
- Wheel Cover
- Fender
- Side Pillars
- Wheel Trims
- Pillar B
- Rear Bumper
- Taillights
- Gear Shift Cover
- Door Panel
- Side Mirrors

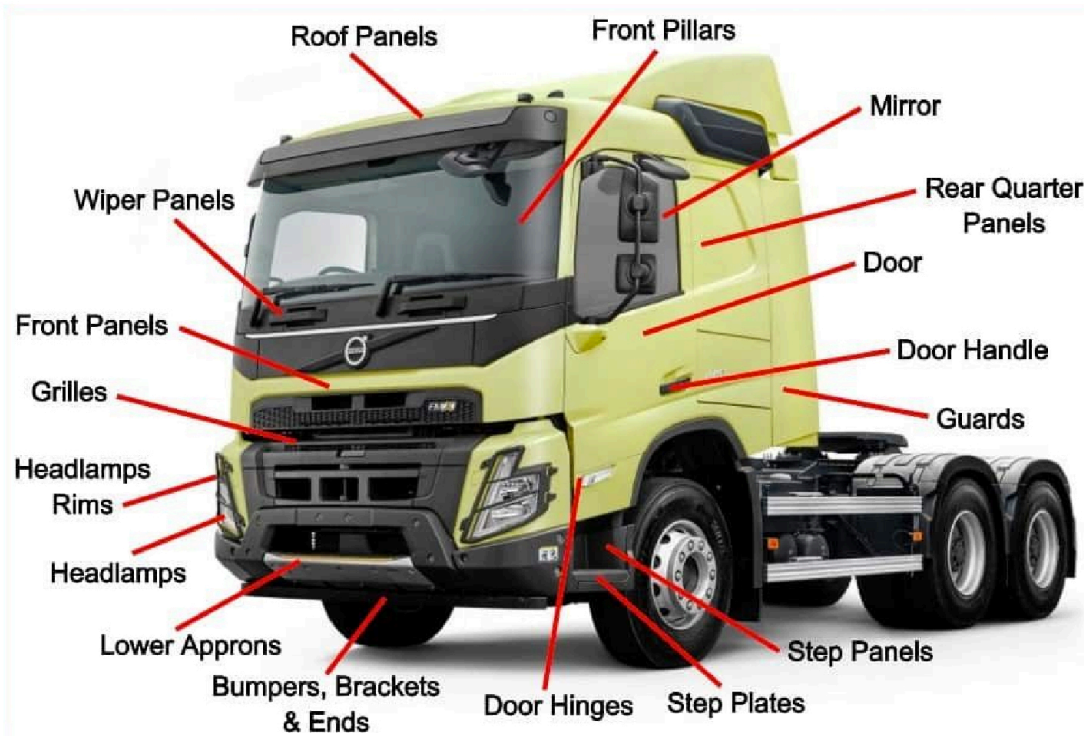

AUTOMOTIVE INDUSTRY-ENGINE APPLICATIONS

- Engine Covers
- Coolant Tanks
- Wiper Water Bottles
- Filter Systems
- Battery
- Battery Covers
- Air Hoses
- Bonnet Under Covers

AUTOMOTIVE INDUSTRY-TRUCK APPLICATIONS

- Roof Panels
- Wiper Panels
- Front Panels
- Grilles
- Head Lamps Rims
- Lower Aprons
- Bumpers, brackets
- Step Plates
- Wheel Trims
- Guards
- Door Handle
- Taillights
- Mirror
- Front Pillars
- Door

FUTURE GOALS

- **Embrace New Challenges:**

Continuously seeking opportunities to take on innovative and complex projects.

- **Technical Excellence:**

Showcasing strong technical capabilities and expertise.

- **Quality Assurance:**

- Committed to using high-quality raw materials in all our products.

- **Strategic Expansion:**

Increasing our capacity in thermoplastic supply and raw material compounding.
